— STREAMLINE DESIGN & DEPLOYMENT

 | Altronix

TR²IVE™

The image features a large, dark-colored metal enclosure for an access control system, shown from a perspective that highlights its depth and internal components. The enclosure is open, revealing a complex arrangement of electronic modules. On the left side, there are several blue printed circuit boards (PCBs) with various components, including what appears to be a power supply and control logic. On the right side, there are three vertical modules, each labeled 'openpath', which are likely access controllers. The background is dark and slightly blurred, showing other similar enclosures in a rack or cabinet. The overall aesthetic is professional and technical.
